Dear Parents,

EYFS Parent Questionnaire

Please could you complete the following questionnaire about your child's first experiences of school life and return it to the school office by **Friday 18th October**.

We will use this information to refine our induction process.

Question	Strongly Agree	Agree	Disagree	Strongly Disagree	Don't know
The transition from Nursery / Pre School to school was well planned.					
The induction process supported my child's transition to school.					
The school shared all the necessary information before my child started school.					
My child has settled well.					
I feel comfortable approaching the school about my child's needs.					
My child is enjoying their learning experiences.					
The children behave well and behaviour expectations are high.					
Communication between the EYFS team and parents is good.					
Tapestry is a good tool to see my child's progress.					
My child enjoys reading to me at home.					

Are there any other comments you wish to make?

Many thanks in advance for your support with this.

Yours sincerely

Miss Elsdon

EYFS Teacher
