

## **Biography Interview**

Imagine you are interviewing the person you are writing a biography about. What questions would you ask them?

Use books, the Internet or ask them (if you can!) to find the answers to the questions below.

What is your name?

When were you born?

Where were you born?

What did your parents do?

What are your biggest achievements?

How did this happen?

Which school did you go to?

Did you go to university after school? Where was it?

What was your first job?

How did this affect your life?

Are you married?

Do you have children?

Where do you live now?

Are there any other famous members of your family? Do you have any famous friends?

Have you won any awards?

How do you think you will be remembered?

How have your achievements affected the lives of others?
