<p>Rest and Relaxation</p>	<p><u>On your nature walk</u>- look out for Stag Beetles, this magnificent mini beast is the largest native beetle species in the UK and is very active at the moment and we are lucky enough to have a high population of them in Suffolk.</p> <p><u>Do a jigsaw</u>- this can either be a family activity or you could do one on your own. You could even make your own by drawing a picture and then cutting it into pieces.</p> <p><u>Pamper your pet</u>- spend some time with your pet, maybe give them a bath and a brush or read them a story. If you don't have a pet, you could choose your favourite cuddly toy to make a fuss of.</p>	<p>Stag beetle ID guide: https://ptes.org/wp-content/uploads/2020/05/Beetle-ID-with-BFTB-logo.pdf</p>
