Dear Families,

Half Term

I have been waiting for a Government update regarding schools being open for the February half term break. As we have not yet received any guidance or instructions on this, I am therefore writing to inform you that MPA will be closed for all children during half term.

I felt that it was important to send you this letter, as some families had said they would need childcare in the half term. By writing to you now, this will enable you to make alternative childcare plans. Martlesham After School Club will be open if you need this facility for your child.

If the Government were to make a u turn and decide that schools must be open, we will of course update you on what we are able to provide.

Stay safe

Miss E Churchman
