

25 March 2021

Dear Parents,

Silver Studded Blues Stunning Start – Wednesday 14 April

As the Stunning Start for our theme is 'Blood Heart', we will be looking at and dissecting sheep's hearts. The heart is a complex organ and this learning opportunity will enable the children to identify the different sections of a heart as well as understand how blood flows through.

All children will be involved in this activity. We do, however, recognise that some children will find this difficult if they are squeamish and so wanted to inform you of the activity to allow you to help us to prepare, support and encourage them.

Please be assured we will support the children throughout whilst encouraging them to step out of their comfort zones (if required) to get the most out of this learning opportunity.

The Stunning Start will take place on Wednesday 14 April in the morning.

If you have any questions about this activity, please contact the school office.

Thank you for your continued support,

Miss Scrutton and Mrs Pratt
