

FRIDAY FLYER

16 April 2021

Next Week

Moment of the Week

We were delighted to visit Ipswich Town Football Club this week with girls from Years 3 and 4. We took part in a community football challenge. It was a fantastic morning for the children. They received training from the Ipswich Town coaches, they met the Girls Ipswich Town Football Team, they took part in a penalty shootout and then played 8-minute games against other Ipswich schools. We were also given the opportunity to go into the stadium. The girls were such a credit to the school and loved every minute. Thank you to Your Shirts for kindly providing a new school kit.

Summer Term calendar dates will be shared next week.

School Photos to be sent out on Monday.

Friday 23 April
Orion Non Uniform Day
wear something green

Messages from Staff:

EdShed Champions This Week:

	Spelling	Maths
Year Group Champion	Year 5	Year 5
Individual Champion	Cordell (Year 5)	Cordell (Year 5)

House Points

House	Andromeda	Orion	Pegasus	Phoenix
Points	110	89	87	71

Stunning Starts

Small Blues

We shared photos of us at the beach and wrote about our experiences. We then created our own beaches outside, there was a sandy beach for sandcastle building, a watery beach to splash in and a stony beach like Felixstowe. We can't wait to dive further into our theme 'Under the Sea'.

Holly Blues

We started Monday with packing a suitcase and creating our own passport. We travelled to the airport, had a rigorous security check and boarded the plane. After experiencing a cockpit view take-off, the children arrived at their destination. Once on their holiday, they played on the beach, explored creatures in a rock pool and took part in many other seaside activities. Holly Blues had a great day and are very excited about their theme, Beachcomber.

Adonis Blues

The stunning start for the theme 'Burps, Bottoms and Bile' in Adonis Blues was all about our teeth! We assessed how well different toothpastes cleaned our teeth then had a go at making our own toothpaste. We also observed the effects vinegar, coke, orange juice and salt water had on our teeth. We were all surprised by the results of our experiment.

Silver Studded Blues

On Wednesday, we dissected lamb's hearts. The children identified the different arteries and veins before putting water through to see how the blood travels; we also looked at how it pumps to move the blood through. We then opened the heart to look at the atriums, ventricles and valves. It has created a lot of excitement about our theme, Blood Heart.

Library Books

Thank you to those children who returned their library books after the Easter Holiday. If your child has not already done so, please can they return on their next Library day, KS1 on Mondays and KS2 on Thursdays.

ECO Schools

It was fantastic to have our first meeting of the year this week (KS2 only). Our regular ECO Schools team members were joined by some very enthusiastic pupils who wished to become new members. We had 12 pupils interested and they will be invited to an interview to join the team, this process will help with our goal of achieving the accredited ECO Schools Green flag award. Once we have all members in place, we will continue to work towards our silver award.

Premise for Hire

Our school hall is available to hire at a cost of £15.00 for one hour or £25.00 for two hours. We also have an external mobile classroom which has toilet facilities, a small kitchen and has full access to the school field. The cost of the mobile classroom hire is £10 per hour. If you are interested in viewing either of these rooms or would like to discuss any further information please contact Mrs Hazelton in the school office.
