

English

We will have a variety of reading and writing experiences including stories, poetry and fact files.

Science

We will be learning about the eco-systems, food chains and habits that are found in the sea. We will learn about the life cycle of a turtle.

We will explore the properties of materials and investigate what the best material is to make a

Geography

We will explore coastal and underwater environments, building on our skills of being able to identify man-made and natural features. We will also learn about the different oceans.

History

We will learn about the life of Grace Darling and exploring the differences between sea side towns in the past and present.

Year 1

Under the Sea

RE

This term we will investigate the questions 'What makes every single person precious and unique?' and 'How can we care for our wonderful world?'.

Maths

We will be learning how to count in 2's, 5's and 10's and doubling and halving amounts and shapes. We will also deepen our understanding of place value to 100.

Art

We will study seascapes by famous artists and explore different techniques to represent ocean waves including collage and printing. We will begin to explore sculpture and use clay to create sea creatures.

PSHE

This term we will be learning about road safety.

PE

The children will develop different ways of running, jumping and throwing. Then we will explore developing fundamental sports skills for athletic events, including healthy competition.
