Dear Parents,

Year Six Uniform September 2021

I am writing to inform you of a uniform change that I am implementing from September 2021. I am planning for the Year 6 children to have a different colour jumper/cardigan to the rest of the school. The reason for this is to raise their profile within the school and for them to lead by example. This is also a privilege and highlights the importance of Year Six. The last year of Primary School is important as they prepare to transition to High School. I believe the change of uniform will aid this process.

I have shared this with the children, and they are excited by this. Please see below the purple colour we are planning to use. This is just the prototype. The jumper/cardigan will have the school emblem on. They will be the same material and the same price just a different colour. You will still order through PMG as you do now.

I wanted to share this with you now as you prepare uniform for next year.

If you have any questions with this uniform change, please contact the school and I will happily answer any questions.

Warm wishes

Miss E Churchman
