

**Head Teacher**  
Miss Churchman

5 October 2021

Dear Parents,

We welcome all Key Stage 2 parents to a KS2 Calculation Policy Workshop on Monday 11 October at 2.30pm to introduce you to the MPA Calculation Policy. This will be an opportunity to look at some of the calculation methods which the children are taught in KS2, allowing you to further support your children at home. We are aware methods have changed over the years and it is imperative the children are taught a consistent approach to ensure they are secure in these methods by the time they leave primary school.

You will have the opportunity to ask any questions you may have regarding the calculation methods we use as well as see some of the resources which are used to support the children in their learning of these methods.

If you would like to attend this workshop, please complete the form below and return to the school office by Friday 8 October.

Thank you for your support,

Miss Scrutton  
Maths Lead
