### Wild Schools

The Eco Committee has been lucky enough to work with Suffolk Wildlife again this half term. In our last session we decorated a box for the school to use for ideas to make our grounds more wildlife friendly. Last week we got to look at the ideas and it was lovely to see the thought the children had put into these.

We have chosen so far –

Leaf piles for animals to hide and sleep in.

Food sources for animals and birds.

Ideas boxes for each classroom to keep planning alive.

Have more general supplies in the grounds for wildlife.

We will be looking at how we can put these ideas into action next time.

Our ideas box

### Litter Pick

We completed our half-termly litter pick along Chandos Drive. It is great to see generally the area around our school is clean and tidy. Thank you to Miss Churchman for coming along this time.

Please can we remind anyone litter picking to use the proper equipment, gloves and be cautious at what they are picking up.

### Eco Schools Green Flag

Just a quick reminder from our December edition.

If you are eco warriors in your home or if you are family that have been inspired by anything Eco that they have heard school taking part in please let me know as soon as possible either by emailing the office or popping a note into school.

It really will help towards this years application.

Have a super half term break

Mrs Garrod-Spall  
&  
The Eco Committee.
