

24 May 2024

Dear Parents,

Art Club Competition

The Source, supported by Suffolk County Council, has launched a competition to raise awareness of mental health, called Someone in My Corner.

To have someone in your corner means to have someone who is supporting you and helping you in some way. They are asking for those entering to think of a time when they had someone in their corner helping them (a friend, family member, carer, teacher, youth worker, etc.) and to tell us in a creative way about how it feels to have someone in your corner helping you and how it helped support your emotional well-being.

All competition entries will be displayed on The Source website and in a public Emotional Health and Wellbeing exhibition at Endeavour House at Suffolk County Council, to mark World Mental Health Day (on Monday 7th-11th October).

Children under 16 years old must have parental permission to enter. We will be completing their entries in art club. Please return the permission form by Wednesday 5th June.

Yours sincerely,

Miss Markham
Adonis Blues Class Teacher/ Art club teacher

Art club competition

I give permission for my child to enter the competition above:
