

FRIDAY FLYER

10 May 2024

w/c 13 May 2024

Moment of the Week:

On Wednesday, Year 4 had another Wilder Schools Day with Suffolk Wildlife Trust. We made a fence, charcoal pencils and this stumpery which helps stag beetles. Year 4 are working really hard to help wildlife at MPA. We have one more day left of this years project.

OFSTED

We hope you are proud of our recent OFSTED report. It highlights what we do well and outlines some future training needs. I thought the opening line was very powerful. **Children flourish at**

MPA. Huge thanks to the MPA team for what they do each and every day. Our school may be small but it has a big heart.

Class Overview 2024 / 2025

Next year this will be the class overview:

- Reception only
- Year 1 and Year 2
- Year 3 only
- Year 4 only
- Year 5 only
- Year 6 only

We will share the teaching team allocation in early July, ready for when the children meet their next teacher on 9th July.

Club Medals

This term we are giving medals to the children who are attending sporting clubs after school. A child will be selected by their coach for being the star of the week. They will receive a medal, bring it home and then we ask they return it the following week. This is to recognise the children's hard work and commitment to their chosen sport.

KS2 SATs

On Monday our children in Y6 start a week of assessments. This is to assess their knowledge and skills acquired in Key Stage Two. It's essential that all Y6 children are in school on time. Also staff will not have the same availability to talk to families in the mornings next week. The assessments finish on Thursday. On Friday Y6 can wear non uniform as a reward.

Flutterbakes

Last week the children made an incredible £121! This is amazing. Thank you to the families who donated cakes and attended the cake sale. The next Flutterbakes will be on 24 May @ 3.00pm.

Maths Course for Parents

Step Ahead in Maths - Support Your Child: (18 hours over 6/7 sessions) - This course aims to give parents information on the way maths and problem solving is taught in schools. Parents can explore and share ways of supporting their children's learning and take up the opportunity to work towards a qualification themselves. If you are interested, can you contact the Office and we can arrange a maths course for families members. This would start after the May half term. Day to be decided. This would be a morning session from 8.45am -11.45am on a Thursday at MPA.

Field

Developing the field has been an issue raised by families. We have plans for the field and over the years have been awarded different equipment for the children to use. However, we have not gone forwards due to the development of the school site. Once the building project is complete we will then work on the plans for the field. The main fundraising for the school will be for new playground apparatus.
