

Thursday 27 June 2024

Dear Parents,

Year 6 Relationships, Sex and Health Education

On Wednesday 3 July, the children in Year 6 will be completing their Relationships, Sex and Health Education for this year.

The areas which we will cover are:

- Male and female reproductive organs
- How babies are conceived
- Safe and loving relationships
- A baby's needs and how to look after them
- Different ways of creating a family unit

As well as the opportunity to discuss and ask questions, the children will watch clips and complete appropriate tasks with the aim of increasing their understanding and encouraging them to ask questions when they are unsure. It will be explained to the children that they should not discuss this content with any younger children in school.

If you would like to view the materials being used, I would be happy to share these upon request.

If you have any further questions regarding RSHE, please contact the school office and I will endeavour to answer your questions as best that I can.

Thank you for your continued support,

Miss Scrutton
