Moment of the Week

Our EYFS children are learning about everyday superheroes this half term. On Monday the Fire Service came to meet the children. They talked about their roles as fire fighters but they also got to explore the fire engine and hear the siren. The children loved this learning experience, and it was certainly a memorable moment for them.

Reading Volunteer

We now only need one reading volunteer for our Year Four class. If you could spare a couple of hours a week to hear children read. It really would make a difference. We appreciate how hard it is to balance everything. We would welcome a grandparent too. If interested then please see Mrs Wood in the office.

Safer Internet Day

On 11 Feb families are invited to come to school for a fun interactive session alongside your child to reinforce keeping safe online. Can we ask this is only 1 parent per child please. The sessions will start at 9.00am for approximately 30 mins.

Football Fixtures

We will be planning some football fixtures for after February half term. We need the evenings to be lighter. We will plan some friendlies against other small schools. We are looking forward to seeing the children play competitively.

Wonderful Walking

This week we have been looking at transitions around the school. We are reminding the children to demonstrate wonderful walking as they move around the school on their own. Just a simple reminder has had a significant impact.

Housing Development

The Rose Housing Development is coming close to completion. We have had our first enquiry for a child's school place in March. We hope that a few more families will join the school as we have some spaces in certain year groups. This would be really positive for the school.

Children's Mental Health Week

This is next week and the theme this year is "Know Yourself, Grow Yourself". Children will complete a range of activities over the week. We promote the importance of mental health as we know the value of feeling ok.

TT Rockstars

On Monday we are excited to launch TT Rockstars and the whole school are invited to dress as Rock Stars. This is a times table platform and we are excited to see how this supports the children with learning. Can't wait to see you all dress up and rock out! Yeah!

Star

This week our kitchen was visited by the local authority and we are delighted to share we were awarded a 5 star rating for food health and hygiene. Well done to our catering team for all that they do! They are simply the best!
