

Safer Internet Day 2025 | Tuesday 11 February

Coordinated by the UK Safer Internet Centre

saferinternetday.org.uk

Dear Parents,

On Tuesday 11 February 2025 we are taking part in Safer Internet Day 2025.

The theme this year is 'Too good to be true'. We ask that you come in to school via the office at 9am. The purpose of the session is to improve our knowledge and skills on how to stay safe online.

In EYFS and KS1 we will be focussing on trusted adults (who are they and when might we need them). In KS2, we will be looking at recommended age ratings for apps and how to spot and deal with things online that are 'too good to be true'.

If you have multiple children at MPA, we encourage that you attend the eldest sibling's session. This is because they are likely to be using the internet more.

We look forward to having you in school learning alongside your children.

Thank you for your continued support.

Mr. Thorpe

Computing and Online Safety Lead
