Moment of the Week:

This weeks science lesson was amazing and the children were very engaged. They were learning about blood and the different components. They explored platelets, plasma and red and whole blood cells. Filming

This week we have created some new marketing materials to positively promote MPA. A huge thank you to the parents who were able to come to school and be filmed. We should have the new marketing materials to share with you after half term.

Dates

The dates for this term have been shared with all families. We ask that you take note and support your child by being ready for upcoming events at school. We have also shared the Sports Day date so this can allow parents the time to book days off work. The dates are also on the school website and we refer to dates on the weekly Friday Flyer.

Home Learning

We have attached an overview of homework expectations at MPA. Please look at this and share with your child. If you have any questions then please raise with your child's class teacher.

Parking

Thank you to the parents who have stopped parking opposite the school. This then allows the children and their families to cross the road safely. Some 'No Parking' signs will be added to hopefully prevent parents from parking here. This is to keep our community safe.

PTFA

Please, please, please could we have some volunteers to help run the PTFA. We are unable to run large events at the moment as there are not enough members. Our first planned event for the children is the Halloween Disco on 24 October. We would really welcome any additional support that you could offer.

The school photography will be in school next Monday, 22 September. Please ensure your child is wearing full school uniform and their hair tied back. Royal Blues to come into school in uniform then change for PE.

Year 6 Bikeability

Suffolk County Council will be running a Bikeability Course for our Year 6 children after Christmas. The course will be on 14 and 15 January.
