10 November 2026

Year 4 MTC Meeting – Thursday 19 November @ 3.20pm

Dear Parents and Carers,

As your child moves towards completing the **Multiplication Tables Check (MTC)** later this academic year, we would like to invite you to an information meeting to explain the assessment, our expectations and how you can support your child at home.

In the School Hall on 19 November 2026 @ 3.20pm

During the meeting, we will cover:

- What the Multiplication Tables Check is and how it is carried out.
- The times tables that children are expected to know by the end of Year 4.
- How we teach and practise multiplication facts in school.
- Useful strategies and resources to support learning at home.
- Expectations for regular practice and preparation.

To help children achieve their best, we encourage regular times table practice at home. Short, frequent practice sessions are often the most effective.

Strong knowledge of times tables is not only important for the MTC but also supports many areas of mathematics, helping children become more confident and successful learners.
We hope you will be able to join us and look forward to sharing ways we can work together to support your child.

Kind regards,

Mr. Thorpe and Mrs. Wilson
